## A second season of giving for AGRA PMK project

FOR the second season in a row, AGRA staff moved stinging Christmas cards to the Ave Wiles Shopping Mall and bring the joy of children's faces as a reward for giving something small.

For the past year, AGRA staff members often had the opportunity to make a difference in the lives of children by giving money, a gift, a smile, something sweet, or a bit of compassion – in the AGRA PMK social project.

This year's donation of food, Christmas gifts and sweet hampers was handed to the Havana Soup Kitchen, the chosen beneficiary for the first year.

The PMK project, named after AGRA's CEO, Peter Kazmaier, who initiated the project, was launched in December 2005.

With AGRA's mission focus on the agriculture sector, it joined with their social investment staff determined to further contribute to the development of the community by contributing to the needy and less privileged.

The project harnesses AGRA staff members' valuable contributions and personal involvement to benefit identified charities.

Staff members also actively participate in initiatives such as phone and mailing campaigns and online to hand over goods and support with the people.

This creates awareness and contributes to team building among AGRA staff. Staff and Steve Nyeke, well-known and much-loved staff of AGRA and the social investment of the Havana Soup Kitchen.
